

# REPORT WEEK 08

## 1. Project Information

- **Week:** Week 8 (From 22/12/2025 To 28/12/2025)
- **Phase:** Implementation Wrap-up & System Testing

## 2. Objectives of This Week

- Finalize the "Working Software": Complete all code features, polish UI, and fix remaining bugs.
- Execute the full Test Plan: Perform Manual and Automated Testing (Katalon Studio).
- Package the source code and prepare all Project Artifacts (PA) for final submission.

## 3. Work Assigned This Week

| Task | Description | Status |

| :--- | :--- | :--- |

| **3.1 Nguyễn Thành Tiến** | Perform Integration Testing; Optimize Backend performance (query speed and caching). | Completed |

| **3.2 Lê Phạm Kiều Duyên** | Finalize Manual Testing for all 17 Use Cases; Document results in the Test Summary Report. | Completed |

| **3.3 Nguyễn Hoàng Gia Bảo** | Execute Regression Testing and fix high-severity bugs; Finalize the Bug Tracker log. | Completed |

| **3.4 Lương Linh Khôi** | Run Automated Test scripts for core flows; Finalize GitHub repository and README.md instructions. | Completed |

Task	Description	Status
<b>Nguyễn Thành Tiến</b>	Perform Integration Testing; Optimize Backend performance (query speed and caching).	Completed

<b>Lê Phạm Kiều Duyên</b>	Finalize Manual Testing for all 17 Use Cases; Document results in the Test Summary Report.	Completed
<b>Nguyễn Hoàng Gia Bảo</b>	Execute Regression Testing and fix high-severity bugs; Finalize the Bug Tracker log.	Completed
<b>Lương Linh Khôi</b>	Run Automated Test scripts for core flows; Finalize GitHub repository and README.md instructions.	Completed

**4. Deliverables:** Working Software (Source Code), Test Plan Document, Final Bug Report.

**5. Verification & Validation:** Review by: Nguyễn Thành Tiến | Result:  Accepted

**7. Overall Status:** Schedule:  On track | Quality:  Excellent | Progress (%): 100%  
(Implementation & Testing Finished)
